# BUSH ROSES

## MONTHLY OR EVERBLOOMING

### FINE CROP

This year's crop of roses in Texas, we believe, is the best that has been produced there in ten years. The bushes are large, with plenty of sturdy, well matured branches, and an excellent, well balanced root system. You can make some real money out of rose bushes this season. Order now and be sure to get the varieties you will need.

## DISCOUNTS

From the prices on this wholesale list, you are entitled to deduct 10% (roses only) if your order with remittance is sent in during the months of November or December. You may have your order shipped any time up to May 1st, 1937.

## AVOID BUYING CHEAP ROSES

Some Texas dealers are offering "Two-Year Field Grown Roses" at as low as 8c, 9c and 10c for No. 1 plants. You will be disappointed in this sort of stock. Such plants are weak, poorly rooted, small, and will never give you or your customers any satisfaction.

## POLYANTHA (BABY DOLL ROSES)

These dwarf growing, profuse blooming Polyantha rose bushes make excellent pot plants for Easter and Mother's Day sales; good specimens bringing from \$2.00 to \$5.00 per pot. Reds and Pinks best for this. Send your order in now; get your discount and have the varieties you want to pot shipped about December 1st.

# FLORIST'S SEEDS

(WE PREPAY POSTAGE AND INSURANCE ON ALL SEED)

Our choice Florist's Seed, for greenhouse planting, presented in this list are the best that can be produced by such specialists as Bodger, McDonald, Waller-Franklin, Buckman, Zvolanek, Engleman and others, both here and abroad. They are no better than you can buy from a dozen other first-class seedsmen in New York, Chicago, St. Louis and elsewhere, but they are IDENTICAL IN EVERY RESPECT to the seed offered by these seedsmen. All first-class greenhouse seed originate with the seed growing specialists (Most of them in California). Therefore, you can buy seed from us with the assurance you will get the same seed, under the variety description, as you can get from other dealers. We have been in the nursery and florists business a long time. We realize the tremendous importance of planting seed that are true to type and variety name; also seed that are fresh. We do not mix old crop seed with new crop seed. Try us; we can save you money.

# SEED FOR NURSERYMAN

## EVERGREEN, SHRUB AND TREE SEED

The seed we offer comes from the most reliable sources in the United States and from foreign countries. You can depend upon them being absolutely true to name and type. They have been thoroughly tested for vitality and germination. We send out only fresh seed, and do not mix old crop seed with new crop seed. We quote on cleaned seed, where possible, otherwise natural hull or pod, just as they are gathered. Some seed keep better in natural hull or pod.

## PROMPT SHIPMENT

This nursery was established 38 years ago. In that time, we have been disappointed often because of delayed shipments. We know what it means to the nurseryman who has his ground ready to plant to have to wait indefinitely for shipment of one or more items. Therefore, we try to ship day order is received; if not, we will let you know when we can ship.
